This distinctive Northbrook Residence offers the latest in home technology. By creating a state-of-the-art Home Theater and distributed media system. Music, sound and digital information are integrated to make a theatrical experience come to life.

First Floor Family Room and Master Bedroom prepared for future Plasma and LCD installations, offers flexible viewing angles and space saving living areas.

Imagine being able to listen to the same or different music in every room at the same time, and all from one system. Mom could be in the kitchen listening to her afternoon music, while Billy is in the basement playing Xbox Live in the Theater. Suzy could plug in her IPOD while exercising in the Gym and Dad is in the Yard listening to his songs stored on his computer.

All this with full control and ease of use.
